 Minecraft Hour of Code: Facilitator Training 2020 Completed on: 5/12/2021	Minecraft once again joined up with code.org to create an immersive hour of code inside of Minecraft: Education Edition. This course provides resources and information about the Minecraft: Education Edition Hour of Code 2020 to help educators run an effective Hour of Code with their students.	1 hour
 MIE Trainer: Trainer academy Completed on: 4/27/2021	The Microsoft Innovative Educator (MIE) Trainer Academy is designed for teacher trainers and those who are responsible for training educators on the integration of technology in the classroom. This course gives an overview of the MIE Trainer program, program details and the steps for becoming an MIE Trainer or MIE Master trainer.	1 hour
 Windows 10 for Education Completed on: 4/27/2021	Create a world of tomorrow in your classroom with easy to set up devices and apps, amazingly integrated tools for learning, and features that engage all types of learners. This course will review the best of Windows 10 for education. Educators completing this course will feel comfortable getting started with Windows 10, using universal apps, inking and interacting with various types of content, and setting up new classroom devices.	1 hour
 The Science of Gaming Completed on: 4/27/2021	Games can be a powerful way to stimulate engagement and play a significant role in experiential learning and reinforcement of content. This course provides information on why games are powerful for learning, game development techniques and how to apply to teaching, and how students can create their own games to learn and teach each other.	1 hour
 Getting started with Azure for Education Completed on: 4/27/2021	Azure gives your school a "Platform as a Service" and moving your services to Azure can reduce the cost of running and maintaining those services on local servers at your school. This module will show you how to get started with Azure.	0.75 hours
 Digital Citizenship Completed on: 4/27/2021	In this course, gain access to the Digital Citizenship educator toolkit and OneNote notebook. The toolkit comes with lessons and resources for your classroom so that you can teach digital citizenship. Once you have gone through the materials (found in the 2nd module of the course), take the quiz to earn your badge!	0.5 hours
 First Steps into Artificial Intelligence Completed on: 4/27/2021	This course is for anyone in a leadership role who is not directly involved with managing or developing technology but is responsible for productivity and transformation. No IT or technical knowledge is required. This course has been created by Microsoft employees.	1 hour
